

## WHO WE ARE

Ma.Ro Group Srl is an Italian manufacturing company based in Bonemerse (Cremona) and active since more than 40 years. It is specialized in the production and

sales of sport products (ski and cycling helmets, ski goggles and sport glasses) with its own brand, SH+.

We are also very focused in the OEM production for some of the most known brands in the ski business.

Thanks to our experience accrued in more than 40 years of work in the development of protection products for sport, we worked hard to reconvert part of our factory in the production of personal protective equipment to help our community during COVID-19 emergency.
